Mattie's Story

Mattie's story is one of hope, strength, faith, and courage.

Mattingly Hope was born April 3, 2011, 9 weeks premature. Prior to that, she grew with little to no amniotic fluid. Her chances of survival were 12%. Through positive thoughts and prayers, Mattie defied all odds and was born 15 weeks after her mom's water broke. At 3 weeks of age Mattie was diagnosed with a brain injury called PVL and at 8 months old was diagnosed with cerebral palsy.

All proceeds from the tournament will benefit Mattie. Mattie cannot stand or walk on her own. The therapies that are working for her are not covered by insurance. All proceeds raised from this event will go directly to Mattie's therapies and medical expenses.

To learn more about Mattie & get weekly updates, please check out her website at www.hopeformattie.com.
